

The background of the slide is a dark blue gradient. On the left side, there is a large, abstract shape that resembles a stylized 'A' or a financial chart. This shape contains various financial data visualizations: a candlestick chart with green and red bars, a line chart with blue and red lines, and a bar chart with blue bars. The shape is decorated with several thick, rounded rectangular bars in orange and dark blue, and a white circle. The overall aesthetic is modern and professional, typical of a financial education course.
