FinLearn Academy, with excellent faculty, has helped me to get a good grasp on the technical part of stock entry & exit. The best part of the academy is the continuous, constant support & encouragement to become good at trading. Live hours Hand holding trade is a great way to induce confidence among the budding traders, I wish, I had this opportunity long back or at least pre covid phase.

Jab Nifty isse upar trade Kar ratha to maine ye point se market ka fall calculation kiya tha. Aur fir Nifty 15828.5 se 15721.5 per close hua. Means 107 points points ki fall. Maine iss formula ko FinLearn se sikha hai or fir khud ki ek formula build kiya hai. Accha profit book hua mujhe. Thanks to FinLearn Academy.
